Other

Oak Tree opposite number 20 Birchin Lane – CBC response

The Tree Officer has advised that it is not possible for a TPO to be established for this tree, however it would appear that the tree is within the land belonging to 23 Wells Fold Close.

5. Correspondence

Thank you letter Clare House – Charities – The Clerk read the letter out to the Parish Council.

Response to Annie Carroll – Cllr Bill Yates delivered the litter picking equipment to Annie. Annie was absolutely thrilled to receive the litter picking pack. Cllr Yates advised her to always go with an adult, and to never go into the roads.

Letter from Friends of Cuerden Valley – circulated to the Parish Council

Email from Ken McVie – circulated to the Parish Council

Email from Charles Jackson – circulated to the Parish Council

Email from Residents (Town Lane Neighbouring Land) Association – the email from the Residents Association was read out to the Parish Council.

6. Agenda Items

Church Hill rockery

Landscaping has been carried out by Jigsaw Homes – email from Derrick Wareing

There was consensus that the area does look much better, and appreciation that Jigsaw Homes has carried out this work.

Clerk to write a letter of thanks to Jigsaw Homes, and request that the area is maintained for the future.

Victory in Europe Day – Friday the 8th May 2020 (Bank holiday moved)

Cllr Bell has a letter regarding VE day celebrations, he felt that the local Pub’s and the Café should be encouraged to carry out events over the weekend.

Cllr B Higham suggested that the Parish Council could assist with advertising.

Cllr McDonald suggested the provision of grants to establishments taking part.

Chair

Date.....

Clerk to add to next meeting agenda.

Planning Applications – PC Process (Cllr Bell)

Cllr Bell advised that other Councils receive emails from the Clerk with regard to planning applications, and this should perhaps be adopted by Whittle-Le-Woods Parish Council.

Clerk to add to next meeting agenda.

Lamp Post Baskets – Buckshaw

Due to time constraints this is to be moved to the next meeting agenda.

Website

The Clerk presented the research completed into the scope, legal requirements, and potential companies for the new Website. She also advised on the outcome of a meeting held with the Director of Easy Websites (James Reilly).

Research by the Clerk had found that this Company has tailored websites ready for use by Local Councils. The Websites meet the Transparency Code, GDPR, and Accessibility Regulations.

This company’s websites are also in use by several local Parish Councils including Euxton and Clayton-Le-Woods.

The cost of the Website would be an initial setup cost of £500, the £23 per month (ex vat).

There would be a minimum 12 month contract, which will provide

- Email address for the clerk
- Domain
- Hosting
- SSL Cert (secure encryption)
- Technical Support
- Content Management System

Additional email addresses can also be provided for the Parish Councillors.

Cllr Bell proposed that the Council go ahead with the implementation of the proposed website. Cllr McDonald seconded the proposal.

Cllr Fogarty advised that he would prefer to review the Sabden Parish Council Website before committing.

Cllr Briscoe advised he felt it would be prudent to see a presentation from Easy Websites before making a final commitment.

Chair Newall proposed a vote for going ahead with the website and having a presentation at the next meeting or having a presentation and then deciding whether or not to agree to the website.

It was agreed by 8 votes to 2 that the website should go ahead, but a presentation will be held before the next meeting.

Clerk to invite James Reilly to provide a presentation prior to the next meeting. (7.15pm).

Clerk to begin the process of establishing the scope of the new website.

Chair

Date.....

A member of the public interrupted the proceedings to make comment regarding the website. Chair Newall requested that he to write in to the Clerk with his issues and suggestions.

Central Lancashire Local Plan – consultation review, action & response

Chair Newall has amassed a great deal of information regarding the local plan and the consultation. Once the sites have been agreed in the local plan it is then down to the developers to develop the sites.

Cllr B Higham commented that this is what has happened at Whittle Hill Quarries – they have pumped into the River Lostock, and they have a licence to do this.

Chair Newall advised that the tip on Town Lane has been found to contain asbestos and the Delph Pit contains low grade radioactive waste. The documented evidence is available if anyone would like to review.

The Parish Council response to the Central Lancashire Local Plan

The Parish Council will complete an online response, the consolidated feedback and comments from the Residents will be emailed into the Local Plan Team.

A complaint regarding the complexity of the on-line survey will also be sent in to the Local Plan team.

Chair Newall & Clerk to action

Chair Newall has issued a Press Release on behalf of the Parish Council, and further to this has been asked to share with a reporter on behalf of the Council.

Deallocation of Whittle Village Centre needs to be challenged as a part of the response to the Consultation. The feedback should state that there are 2 businesses for sale which would complete the local centre. With this in mind the local centre should not be deallocated. The deallocation should not be allowed until more information was been made available,

With regard to the information available regarding the Tips in the Village a separate communication to Sir Lindsay Hoyle, LCC and CBC is required as it has been found that the fencing and signs that have been removed, and require replacement urgently.

It was noted that on Town Lane, Redrow have an option to purchase, and the neighbouring land will also probably be sold.

Chair Newall thanked Ron Brimelow for all of his efforts in ensuring that action has eventually been taken with regard to the tips.

Chair Newall & Clerk will formulate the online response to the Consultation on behalf of the Council.

2 Visitors left the meeting at this point (9pm)

Chair

Date.....

Cllr Yates thanked Chair Newall for all her efforts with regard to the Local Plan Consultation from the distribution of the leaflet, to organising the public meeting o the 31st January and the drop-in sessions, and the information gathered to allow an informed response to the Consultation.

Cllr P Higham advised that a resident on Town Lane had monitored 77 vehicles going up Town Lane and 55 vehicles coming down Town Lane between 08.30 and 09.00 on the 10/02/2020.

The visitor stated that the sooner something is done about the tips the better. The tips will be added to the next agenda.

Phase 4 Flood Risk Analysis has also been completed and provided to CBC. A letter of enforcement is required for the run off on Hill Top Lane.

Cllr Bell advised that Dawson Lane always floods, damage is also being caused to Hillside Crescent. There has been a burst drain, the bottom of hillside Crescent is always wet and boggy.

Cllr P Higham will provide the details of the names for the enforcement, and provide a summary of information to the Clerk.

Chair Newall thanked the Clerk for the brief on the website.

7. Reports from Representatives

(Chorley Liaison / Neighbourhood Area Meetings / Charity / Community Hall Trust / War Memorial / Planning & Environment / Grants /Finance / Staffing / Flooding)

Chorley Liaison

Cllr Bell advised that there is now a strategy in place with regard to Japanese Knott weed. Residents are advised not to touch the plant, but to advise CBC and they will deal with the issue.

There was a workshop on becoming paperless which is one of the aims of CBC

Community Hall Trust

Nothing to report

Flooding

Cllr Bell advised that the new wall within the river had helped to reduce the flood risk in Waterhouse Green.

There was a risk of flooding to 2 properties on Waterhouse Green last weekend with storm Dennis. The alert was raised at 8.30am, Number 1 Waterhouse Green needed assistance, and the flood action groups and local residents leapt into action to help the home owners.

This was the first flood since 2015 and so the first time the flood equipment had really be put to the test, It was found that the pumps were not powerful enough to pump the water up onto the road (higher than the houses), therefore there is a request from Cllr Partington to urgently purchase 2 more powerful pumps.

Chair

Date.....

Cllr Yates wondered if the pumps that didn't work could be returned, Cllr P Higham suggested they be sold, Cllr Briscoe suggested that the old pumps be traded in. It was suggested that the purchase could be made from CIL funds, Cllr B Higham proposed the 2 additional pumps be purchased, Cllr McDonald seconded. Cllr Partington to purchase the 2 pumps – Clerk to advise Cllr Partington.

Cllr Bell advised that there is still a fallen tree over the river. Chair Newall advised that it has been reported for removal.

8. Clerks Report

On-Line Banking – Update

Delay due to the need to raise a further Mandate to remove Richard Alistair Heyhirst as a signatory on the account.

Notes from Visitors at the meeting

A visitor advised that he was sorry to have missed the meeting on the 31/01/20. Chair Newall advised that there had been over 100 people in attendance, and this was as a result of 2200 leaflets being distributed in the local area by the Parish Council, Local Residents Association and Volunteers from the village. The visitor asked about the outcome of the meeting, what was the consensus? Chair Newall advised that Residents are concerned and annoyed by the consultation process. People have been advised how to complete the response to the consultation. The consolidated feedback will be forwarded on to the Local Plan team – the meeting was predominantly a listening session.

The visitor made a plea for the Parish Council to take action on behalf of the Village – there is the impression that the Council either can't or won't do anything.

Cllr Higham stated that actually some areas of the village have been saved by the Parish Council in previous Local Plan consultations. Cllr Newall advised that specific tangible reasons must be provided in order to object to the proposed plans. Cllr Bell advised that sending an email was the easiest way to respond.

The visitor advised that he was available to assist with the drop-in session planned for tomorrow. Chair Newall advised that the Council would be grateful for all assistance.

The visitor reiterated to the Parish Council that the Website needs to be sorted out immediately and that the Facebook page is not fit for purpose. Cllr McDonald advised that the Facebook page referred to is a Community page, not a Parish Council page, and so the Parish Council has nothing to do with the page, save for the Clerk adding events or announcement to help communicate with the residents of Whittle.

A second visitor wished to discuss the Old Tip on Town Lane, and bring to the attention of the Parish Council the persistent work he has carried out in discovering what waste have been disposed of in the tip. Waste disposal was carried out by Millers, but they would not disclose what was tipped. The visitor had asked Sir Lindsay Hoyle, in 2018, to ensure a site survey was completed. Borough Cllr Mark Clifford eventually became involved and it has been discovered that 5,000 tonnes of (low grade) radio-active waste in the Delph Quarry, and in the Old Tip (Town Lane) there is unknown waste and asbestos. There may be issues with regard to leaching into the River Lostock and methane emissions.

Sir Lindsay Hoyle has asked the Secretary of State for the Environment to evidence what was tipped in these areas – it was supposed to be timber and topsoil.

The visitor is concerned that there seems to be no policing of these issues, the same is happening with the developers, there is no catchment pond on Lucas Green. Cost is a factor, but the onus should be on the developers.

The site was monitored in the 80's but the chemicals found above ground were or may be different from those below ground. – What is it like now?

Cllr P Higham stated that it is his belief there is lead paint in the Delph Pit. There are now proposals to develop both sites.

Cllr Bell stated that the edges of the quarry are many metres thick, so there could not be any leaching at the Delph Pit. Also, Balfour Beatty and the Environment Agency have tested when the M61 was widened and it was all OK. Cllr Higham made the point that the sandstone pit is porous.

The visitor commented that fish died in the River Lostock a few months ago. Cllr Bell advised that this incident was found to be agricultural.

The visitor asked why the tips cannot be monitored.

Chair Newall provided some of the documents retrieved from the archives by Borough Cllr Mark Clifford. The only evidence of a survey was from 1991.

Sir Lindsay Hoyle has now requested a full survey of both sites.

Borough Cllr Mark Clifford is championing this request.

The visitor advised that he feels there is too much acceptance of face value agreements made, but these are not monitored, and those responsible are not held to account.

The visitor briefly explained the way waste management currently works.

With regard to the Local Plan the visitor asked if an opinion poll would add weight to the case opposing development.

Cllr McDonald and Chair Newall advised this had been tried in the past, however Chorley Borough Council planning ignore multiple comments of the same ilk and count them as one response.

A third visitor asked what requirements there are for infrastructure under the new plans? The are no GP's, no A&E.

Cllr B Higham advised that this is not within the Parish Council remit. The Borough Council, County Council and NHS England should be planning the infrastructure to support developments.

Cllr P Higham advised that the plan is currently looking at the allocation of sites not how they will be accommodated.

Chair Newall advised that this was not related to the local plan.

The visitor raised the issue of the run-off water coming down Hill Top Lane onto Chorley Old Road last Sunday in the heavy rain. (This has already been reported)
